wisdom of place a guide to recovering the sacred origins of landscape aims to help readers rediscover the sacredness of the everyday landscapes around them to shed light on the ecological imperatives of our time drawn from the union of art nature and metaphysics it presents some of the myths and legends of antiquity as they might be recognized by contemporary earth shapers wisdom of place uses the structure of tarot as a creative catalyst to explore the meaning and symbolism of nature based beliefs and their expression as a landscape vocabulary similar to tarot in its form and function as a story telling device based on archetypes the 78 illustrations in wisdom of place are artful representations of metaphors that help realign spiritualism with environmentalism the book contains detailed explanations of each figure s significance as a component of nature and of human imagination revealing a comprehensive lexicon of sacred landscapes that will enrich the environmental literacy and intuitive capacity of its readers authors website

landscapes of wisdom seeks wisdom in contemporary thought the author as scholar and seeker examines scientific religious and literary writings to synthesize a way of knowing accessible to the modern mind an intellectual path meeting the challenge of science with an equally universal message that speaks of the world and its workings but also of transcendence and the deepest core of human experience

ian mcharg s ecological planning approach has been influential since the 20th century however few empirical studies have been conducted to evaluate the performance of his

projects using the framework of landscape performance assessment this book demonstrates the long term benefits of a renowned mchargarian project the woodlands town development through quantitative and qualitative methods including 44 black and white illustrations landscape performance systematically documents the performance benefits of the environmental social and economic aspects of the woodlands project it delves into mcharg s planning success in the woodlands in comparison with adjacent houston developments which demonstrated urban resilience after hurricane harvey in 2017 lastly it identifies the ingredients of mcharg s ability to do real and permanent good yang also includes a number of appendices which provide valuable information on the methods of assessing performance in landscape development this book would be beneficial to academics and students of landscape architecture and planning with a particular interest in ian mcharg
